DR TIFFANY JONES

A Reimagined Approach to Relationships and Sexuality Education

Thursday 15th May 2014
Auditorium, O'Shea Centre, Lovedale St, Wilston

Time: 5-8pm
Light dinner served from 5-6pm
A Reimagined Approach to Relationships and Sexuality Education

Catholic educators are enjoined to respond to their obligation to prepare young people to grow, develop and flourish in every dimension and possibility, as well as maintain clarity about Jesus’ vision and mission. For the Christian, sexuality, love, sex and spirituality are all intertwined yet when sexuality education is compromised, our young peoples’ wellbeing and capacity to flourish are put at risk. Brisbane Catholic Education is committed to strengthening educational contexts that vitally guide, protect and nourish the sexuality and relational wellbeing of the young. Dr. Tiffany Jones will offer insight and guidance that will help Brisbane Catholic Education re-imagine approaches to relationships and sexuality education that enable the best of the Catholic Christian traditions to be life-giving and inclusive of all students.

Dr. Tiffany Jones UNE

Dr Tiffany Jones (BCA, BEd-Hons1, PhD) is an education lecturer and researcher at the University of New England. A published author, her latest book is Understanding Education Policy (through Springer). She liaises on issues of policy development and homophobic bullying with several Australian state governments, education unions, human rights bodies and non-government organisations. She has been invited to provide consultation with international organisations such as UNESCO and others. Dr Jones received the ATLAS International Institute for Qualitative Methodology Highly Commended Award and the Griffith University Medal for her research, and an Association for Women Educators’ Award for her teaching.
