Fertile Question: *How can I create my preferred future?*

Core Content Area 3: Celebrate and reflect

**TOPIC 3.3: Life to the full**

**Depthing Understanding: Career Showcase**

In this lesson students will create a presentation to showcase a variety of career options.

**Teachers: Before You Start!**

1. Familiarise yourself with [LiveBinders](#).

2. Consider setting up a career showcase for a junior class.

**For students to create a presentation to showcase a variety of careers, select from the following activities:**

1. Create an online presentation to showcase information about careers of interest.
   a. Use [LiveBinders](#) to create a set of online binders to store and showcase information about careers of interest.
      i. Register for [LiveBinders](#) with a user name and password.
      ii. Name your presentation and put the names of three careers on the three tab names.
      iii. Click on the Edit menu to upload videos, text etc. Set the LiveBinder to Private so that it can only be viewed by you and those you invite.
      iv. Research each career. Locate information about the career itself using a career site such as [myfuture](#). Explore university websites to find out what courses would give the qualifications needed for that career.
      v. Recall the purpose of work according to Catholic Social Teaching in Lesson 1.3.2 in activity 2 a.
      vi. Access [www.seek.com.au](#) to find out the availability of positions and salary. As you locate useful information upload it to the appropriate tab in the binder.

   Note that sub-tabs can be set up to further categorise information.

2. Create a PowerPoint presentation to showcase information about a career of interest.
   a. Research a career of interest.
      i. Locate information about the duties and activities involved in the career, courses, training and skills required, availability of positions in Australia and potential salary.
      ii. Create a PowerPoint presentation. Present to your class or another group.
